

# 2013 CHAPTER OF THE YEAR (Category III)

## PMI Metropolitan St. Louis Chapter (Missouri, USA)

### Award Received:

**PMI Chapter of the Year Award, Category III**

### Some 2012 Achievements:

- The chapter had 84 volunteers and 414 new members in 2012. Membership growth was 6.99 percent.
- Volunteer opportunities are posted in a weekly digest sent to members on Fridays, and each vice president hosted a table at chapter dinner meetings to discuss volunteer opportunities available within their areas.

"Our volunteers make this chapter what it is," said Chapter President Anne Haltenhof, PMP. "Our board and their volunteers are an organized, dedicated, hard-working group of individuals who utilize the talents, skills and enthusiasm of our volunteers to accomplish chapter projects and grow the chapter.

"Volunteers will have the opportunity to use their project management skills and learn new skills in the process, all which can be added to their résumé. In addition, they can easily see their options for progression through various volunteer leadership roles."
